

# Official Entrant Form

Part A at registration in October. Part B when you submit in January.

**One form, two halves, months apart.** Part A confirms who you are and secures your place. Part B is completed when the work is finished. Keep this form — the entry ID and any approval dates you are given belong on it.

## PART A • AT REGISTRATION

### Your entry

|                                |                             |                                               |  |
|--------------------------------|-----------------------------|-----------------------------------------------|--|
| Entry name — first choice      |                             | Entry name — second choice                    |  |
| Individual or team<br>tick one | Number of members<br>1 to 4 | Performer of record<br>who performs on camera |  |

**The entry name appears in the published report.** It may not be a personal name, a school or organisation name, or a team name already associated with an entrant. Where two entries choose the same name the first registered keeps it, which is why a second choice is asked for.

### Every member

Name, date of birth and school or employer are recorded for every member, not only the submitting contact. The conflict rules depend on it.

|                           |               |                    |
|---------------------------|---------------|--------------------|
| Member 1 — name           | Date of birth | School or employer |
| Member 2 — name           | Date of birth | School or employer |
| Member 3 — name           | Date of birth | School or employer |
| Member 4 — name           | Date of birth | School or employer |
| Submitting contact — name | Email         | Country            |

### Declarations

- ☐ Every member is 18 or over on Friday 29 January 2027, and maximum team size is four.
- ☐ No member appears on any other entry this season, as an individual or as a team member.
- ☐ No member is an employee, contractor, board member or immediate family member of the Space Athletics Academy, the Space Games Foundation or SpaceGames.TV.
- ☐ We understand that a person who enters may not read or judge in the same season.
- ☐ We have read the Rules and Regulations and accept that the version in force when entry opened governs this entry.

### The rulebook licence — grant or decline

Entering grants the Academy a licence to test your submission and to publish anonymised findings. Using your specific design in Space Athletics materials, including future rulebooks, is a separate permission. Declining has no effect on scoring, standing, advancement or any award, and it may be withdrawn in writing at any time before the report is published. For a team, every member answers separately and the licence is granted only where all members agree.

- ☐ We GRANT permission to use our design in Space Athletics materials, with credit at the Academy's discretion.
- ☐ We DECLINE. Our design is tested and reported anonymously only.

#### Approvals, if you needed one

| Glove equivalency approved — date | Adjustment approved — date | Reference given |

*Approvals are always granted in advance and never retroactively. An approval carries a date; record it here.*

### Confirmations

- ☐ The recording is a single unbroken take, unedited except for permitted trimming before the slate and after the final return to neutral.
- ☐ It contains no spoken narration, no on-screen text, no gesture labels and no captions.
- ☐ Every physical gesture was designed and performed by the people named on this entry, on camera, in one session. No performance footage was generated, synthesised, retimed or altered by AI.
- ☐ The gloves worn meet the published glove standard, or an equivalency approved in advance on the date recorded in Part A.
- ☐ The video is set to Unlisted — not Public and not Private — and will stay at the same URL, unchanged, through 31 May 2027.
- ☐ The original file has been retained. We understand finalists may be asked for it.

**What happens next.** Every complete entry is read cold by First Readers in February, scored, ranked and written into the published findings. You receive your own recognition rate and confusion pairs whether or not you advance, a certificate of completion, and an invitation to the online final. \$5,000 is paid to entrants across eight awards, and the five signal awards do not require reaching the final.
